DETAILED ACTION

Claims 1-26 are presented for examination.

Claim Rejections - 35 USC § 112

Claims 1-26 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claims 1, 9, it is unclear how the system parameter value is being measured; also it is unclear what the current system is as stated at line 10 of claim 1.

In claim 19, it is unclear how the respective target values are being a function of at least the determined error and a value read from a first data cell, and wherein the error is determined based on the difference between a measured parameter value and a predetermined value.

Claims 2-8, 10-18, 20-26, are rejected for incorporating the deficiencies of their base claim.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
